Spring 2022

Introduction to Virtual Production and Streaming Services

As you consider in-person, virtual and hybrid settings for your next conference, town hall, or other event, our mission at MIT Video Productions (MVP) remains unchanged - we support the operational needs of the Institute to connect MIT students, faculty, staff and the world at large.

Our virtual production services support your planning and preparation for a worry-free virtual event, including run of show document and pre-recorded videos for playback. Our streaming technologies allow you to share your content and engage your attendees from any location.

When you partner with us, we will be with you every step of the way for a frictionless experience for you and your audience.

Virtual Event Production Services offered

- Show Flow/Run of Show development and management
- Pre-event recordings and editing for playback at event
- Integration of logos and brands in playback videos
- Guidance on solutions for your virtual or hybrid event
- Virtual and Hybrid Awards shows

Streaming Services offered

- Zoom Meeting and Zoom Webinar management
- Interactivity modules, Q&A, Polls, Chat features
- Customized landing web page hosting / designed to match your website
- Technical checks and rehearsals
- Audience view management
- High Attendance (+1000) event support (Meeting vs Streaming)
- Captioning and ASL support for inclusivity and accessibility
- High Bandwidth hosting location
- Virtual Best Practices

Virtual Production

The screenshot displays a virtual production interface. At the top left is the PACT logo, which consists of the letters 'PACT' in a stylized font with overlapping circles behind them. Below the logo is a video player window. The video player has a dark header with the text 'imPACT 2020' and icons for 'Watch later' and 'Share'. The main video area shows two men in a split-screen view, both in front of bookshelves. A play button is centered over the video. Below the video player is a red navigation bar with icons for 'Join the Conversation - ImPACT 2020', 'Q&A', 'Ideas', and a user profile icon.

Streaming Services

The screenshot shows a video player interface for an MIT Town Hall event. At the top left, the MIT logo and the text "MIT Town Hall" are visible. The main video area has a dark red background with white text. It states "Ended Apr 7th at 05:00 PM EDT" and "A virtual community gathering". Below this, it says "MIT Town Hall: A virtual community gathering" and "Recorded - April 7, 2020, 4- 5:15 pm". A "WATCH AGAIN" button is present. In the center of the video area is the MIT seal. At the bottom of the video player, there is a grey bar with a hamburger menu icon, the text "MIT | Join the conversation", and a user profile icon. Below the video player is a white box with a red speech bubble icon and the text "Ask the speaker" and "Type your question".
